

WHAT'S NEW FOR 2008

Our Most Customer-Focused Release Ever

With Peachtree 2008, you get the very latest Peachtree solution and our most customer-focused release ever. Our customers told us what they were looking for, and we made improvements in the areas that matter most: Reporting, Forms Design, Performance, and Ease of Use. Here are the highlights of the new and improved features found in Peachtree 2008.

PEACHTREE ACCOUNTING 2008 NEW, IMPROVED, AND ENHANCED FEATURES	First Accounting	Pro Accounting	Complete Accounting	Premium Accounting
<p>IMPROVED! Reporting Options</p> <p>Now you can work with your reports more effectively and see more information. Easily choose the fields for your report, expand your filtering options, and sort by more fields than ever. Run key reports like the General Ledger and the Working Trial Balance using any date range within two opened fiscal years.</p>	✓	✓	✓	✓
<p>IMPROVED! Saving Records and Transactions Performance</p> <p>Experience drastically reduced transaction and record save times¹ when reports are open. Transactions that previously took up to 10 seconds can now be accomplished in a fraction of a second. Invoices, checks, sales orders, inventory items, etc., all save faster when you're working with reports and screens at the same time.</p>	✓	✓	✓	✓
<p>NEW! Add Attachments</p> <p>If you have files associated with a Peachtree record for a customer, vendor, employee, or inventory item, you can now attach those files to the Peachtree record. It is a great way to stay organized. Standard file types are supported, including Microsoft® Excel® and Word, photographs, and scanned documents.</p>		✓	✓	✓
<p>ENHANCED! Forms Design Improvements</p> <p>Now there's a flexible way to customize forms to look more professional. Invoices, sales orders, and quotes can easily be modified to add fields, colors, logos, and more. Modifying forms has never been easier. Turn on and off fields on your task screens and Peachtree automatically updates your printed forms.</p>		✓	✓	✓
<p>ENHANCED! Flexible Unit and Quantity Decimal Settings</p> <p>If you manage inventory in your business, Peachtree can accommodate your decimal setting requirements. For either units or quantities, you can select up to five decimal places.</p>		✓	✓	✓
<p>NEW! Broadcast Invoices</p> <p>Save time on billing with the ability to create one sales invoice for multiple customers. If you bill customers for the same product or service, you can create a single invoice and send it to multiple customers in just a few clicks.</p>				✓

Great Reasons to Get the Very Latest Peachtree Solution

In recent years, the look, feel, and performance of Peachtree has changed for the better. Look at what's improved over the last few years, and see what you are missing!

2007 PEACHTREE UPDATES

- ✓ A new, user-friendly interface and simplified navigation provide a quick, intuitive way to access the screens you use most.
- ✓ The Business Status Center gives you a high-level view of key business metrics all on a single screen.
- ✓ Expanded budget capabilities let you create a budget from scratch or use prior year's financials as a baseline.
- ✓ Enhanced integration with Excel² for easy export of data with formulas and formatting.
- ✓ Print-n-Sign tax forms to save time.³

2007

2006 PEACHTREE UPDATES

- ✓ Auto-complete text fields for fast, accurate data entry.
- ✓ Smart sort of IDs on lookup lists.
- ✓ Internal Accounting Review – Runs up to 15 checks for unauthorized transactions and common errors.⁴
- ✓ “Find Transaction” report supports key word search and is easily printed or saved.
- ✓ Warning to prevent duplicate reference numbers.

2006

¹ Performance results are based on recommended system requirements and may vary based on configuration, size and content of data file, system, the record or transaction being saved and what screens and reports are open.

² Requires Microsoft Excel 2000, 2002 or 2003.

³ Federal tax forms included are 940, 941, 941b, 943, 945, W-2, W-3 and over 250 state forms. Requires subscription to the Peachtree Payroll Tax Update Service. Additional fees required. Available with Peachtree 2007. Not intended for use with dot matrix printers.

⁴ Sage Software is not liable or responsible for any fines or penalties that may result from errors in your company accounting records. The Internal Accounting Review is not intended to uncover all questionable transactions.
