

imageCLASS[®] 2300

Digital Multifunction Imaging System

Workplace Digital Imaging System

- 20 copies-per-minute (letter), plus 11" x 17" capability
- 33.6 Kbps Super G3 Fax
- 50-sheet Automatic Document Feeder
- Dual 250-sheet paper cassettes
- Single Cartridge System
- Compact office design

Multifunction performance

If your business has grown to the point where multiple, smaller and slower business machines just can't keep up with your workload, it's time to move up to the performance of a true digital multifunction imaging solution – the imageCLASS[®] 2300. Copy and fax with all the features you need, combined with quality laser output and a space saving design. The imageCLASS 2300 has the speed you need to keep pace in any busy office.

Feature rich

Incorporating two key office functions - copying and faxing - features such as a 50-sheet automatic document feeder, dual paper cassettes, 11" x 17" document capability and full-featured Super G3 fax, all add up to the perfect solution for the busy workgroup.

Convenience

With one machine, you need only stock one consumable, adding to the convenience and cost savings. The Canon Single Cartridge System means you have one easy-to-replace cartridge without service calls or the inconvenient two-cartridge system. A cabinet stand and a full cartridge are included.

Move up to the imageCLASS 2300, the performance solution for the small business or office workgroup.
