

The Epson Stylus® C88+ speeds through critical projects and reports, delivering amazing quality and durability, time after time, with revolutionary DURABrite Ultra pigment ink. This powerful performer gives you incredible results, whether you're printing a photo or a proposal.

Need to print that financial report for an impromptu meeting? With black text print speeds up to 23 ppm,* you've got it covered. And, with fast-drying, smudge, fade and water resistant ink, there's no need to worry about handling the document. Share it on the spot — it's ready when you are. With 5760 x 1440 optimized dpi, plus ink droplets as small as three picoliters, everything you print is sure to leave a lasting impression.

Print frame-ready photos in popular borderless sizes. Or, use the high-capacity input tray to quickly produce beautiful charts and handouts.

DURABrite Ultra pigment ink ensures amazing clarity and color whether you use plain or photo paper. Best of all, with convenient, individual ink cartridges, you can take control of the ink usage, replacing only the color that you need.

With USB and parallel connectivity, plus convenient networking options, this printer is the ideal solution for both Windows and Macintosh computers. Now, anyone can achieve astounding results, project after project, with the exceptional power and performance of the Epson Stylus C88+.

Key Features

- **Enjoy amazing quality and durability**
 - Prints fast-drying, smudge, fade and water resistant documents and photos
 - Delivers beautiful results on both plain and photo paper with revolutionary DURABrite® Ultra pigment ink
- **Achieve precision detail**
 - Prints at up to 5760 x 1440 optimized dpi
 - Produces ultra fine ink droplets (as small as three picoliters)
- **Speed through everyday projects**
 - Prints black text up to 23 ppm and color text up to 14 ppm*
 - Increases your productivity with its high-capacity, 120-sheet input tray
- **Take control of ink usage**
 - Includes convenient, individual ink cartridges, so you can replace only the color that you need
- **Print brilliant, borderless photos**
 - Offers BorderFree® photo printing in frame-ready sizes (4x6, 5x7, 8x10 and 8.5x11)
- **Enjoy easy setup on any system**
 - Works with Windows® and Macintosh® systems
 - Includes USB and parallel ports
- **Do more with convenient networking options**

Key Dates

- **Launch** May 30, 2006
- **Announcement** May 30, 2006
- **Product Ship** July 5, 2006
- **Ad Embargo** July 23, 2006

High performance printing for brilliant projects and photos.

* PPM speeds measured after first page, based on black text and color text patterns in Draft Mode on plain paper. Additional print time will vary based on system configuration, software application and page complexity.
See www.epson.com/printspeed for more information about print speed.** We recommend that you use genuine Epson cartridges. The use of other products may affect your print quality and could result in printer damage. Yields vary considerably based on images printed, print settings, paper type, frequency of use and temperature. For print quality, a variable amount of ink remains in the cartridge after the "replace cartridge" indicator comes on. The printer ships with full cartridges and part of the ink from the first cartridges is used for priming the printer.
See www.epson.com/cartridgeinfo for more information about cartridges.
