MOTOROLA

The Motorola Bluetooth® Headset H350 is a great introductory hands-free device for users who are new to Bluetooth wireless technology, yet want a headset packed with features in an uncomplicated, straightforward yet stylish device. Wire-free conversations from up to 33 feet (10 meters) from your compatible Bluetooth enabled mobile phone* give you the freedom to move around while keeping your hands free for multitasking. Lightweight and comfortable, the H350 features exceptional call quality and the reliability of Bluetooth wireless technology. With the H350, you're free to do more, go farther and call hands-free with ease and comfort!

Key Features

- **Style with Substance** - Stylish design at a great value! Control all of the calling features you need easily and freely without having to touch your compatible Bluetooth enabled phone.*
- **Lightweight and Comfortable** - Secure and comfortable design makes it effortless to wear your headset for long periods of time.
- **Maximize Conversations** - Up to 8 hours talk or 6 days standby time from a single charge. All the power you need for longer conversations.
- **Version 2.0 Bluetooth Wireless Technology** - Bluetooth 2.0 offers superb call quality, less interference and faster connections, plus enhanced data rate (EDR) capabilities to help conserve battery life when used with EDR Bluetooth enabled phones.*

At your service, at your fingertips!
Versatile call button easily controls several headset functions such as Answer/End Calls and Call Hold.

Comfort on either ear.
The H350's comfortable earhook feels natural, and is removable for placement on either ear.

So cool in blue.
The blue LED indicator light provides a visual cue about headset status. (This light can be turned off if desired.)

Give your calls added volume.
Advanced volume controls handle mute and 3-way calling. Advanced orientation technology assures these buttons will always be upright.¹
