NAVIGON 2100/2120

NAVIGATION THAT DELIVERS MORE FOR LESS

The NAVIGON 2100/2120 delivers an unmatched navigation experience. Accurate door-to-door directions, stunning 2D and 3D map views, and easy touchscreen menus in an ultra-slim portable design make NAVIGON 2100/2120 a standout among even higher-priced GPS devices. With features that no other device has, the NAVIGON 2100/2120 emerges as the best value in its price tier, hands down.

IT'S EASY WITH VOICE GUIDANCE AND MORE

The NAVIGON 2100/2120 speaks driving directions and street names via advanced text-to-speech so drivers can focus on the road. Exclusive to NAVIGON brand products, Reality View™ displays 3D images of complex interchanges so you can approach every maneuver with confidence. Feature for feature, the NAVIGON 2100/2120 delivers a more innovative and meaningful navigation experience than systems at twice the price.

DESIGN COUNTS
