-Each Dell printer and ink cartridge includes instructions for returning for recycling
-Dell ink cartridges include a prepaid label to return the used cartridge for recycling
- Dell pays shipping charges for printer and ink recycling

The Dell Photo All-in-One Printer 926 combines print, scan and copy into one affordable, efficient device perfect for your home. The 926 can print up to 20 pages per minute black, and up to 15 pages per minute color (actual print speeds vary with use). The stunning 4800x2400 dpi resolution helps ensure professional quality documents, and an optional photo cartridge helps increase color depth and accuracy – perfect for high quality photo printing.

The 926 comes with an impressive 48-bit full color flatbed scanner that scans media at a resolution of up to 1200 x 2400 optical dpi (19,200 interpolated), and can scan directly into emails or other applications. Built in Optical Character Recognition software helps ensure the highest quality scans and image captures.

The 926 comes with PictBridge technology and memory slots to allow printing directly from your camera or memory cards. The 926 has the ability to print borderless photographs up to 8.5" x 11". View thumbnail pictures and proof attributes with the convenient Index Proof Sheet feature. The 926 comes with Dell's service and support including 24x7 toll-free technical phone support and Advanced Exchange Service[2].

The Dell Photo All-In-One Printer 926 delivers:

Outstanding Performance
▪Fast printing - up to 20 ppm black, 15 ppm color (actual print speeds will vary with use)
▪Print, scan and copy for high quality images
▪Direct photo printing via PictBridge or memory card slots
▪ Borderless print capability (up to 8.5x11)
