

**ZUNE 4GB/8GB**  
**POWERFULLY PETITE**

# POWERFULLY PETITE

## Zune® 4GB/8GB

Super slim. Goes anywhere. Features wireless sharing, video playback and built-in FM tuner. Available in pink, red, black and green.

### 4GB

Holds up to 975 songs or 25,000 pictures or 12 hours of video<sup>1</sup>

### 8GB

Holds up to 2,000 songs or 25,000 pictures or 25 hours of video<sup>1</sup>

**Big, Bright Color Screen:** Zune comes with a big, high resolution video screen that works in portrait or landscape. Your music, video, pictures and album art have never looked better.

**Zune to Zune Wireless Sharing:** Zune has features that allow you to wirelessly sync your device with your PC, and share your favorite songs, playlists, photos and podcasts Zune to Zune.<sup>2</sup> You can listen to a shared song up to 3 times and tag to purchase it later.

**Wireless Sync:** Cut the cord to your PC. Connect to your home wireless network and sync your Zune with your PC collection using your dock, AC adapter or speaker dock accessory.

**Built-in FM Tuner:** Listen to local FM radio stations or tune into programming at your health club. Advanced tuning capabilities allow you to see the name of the song currently playing on select frequencies.<sup>3</sup>

**Zune Pad:** Kiss scrolling goodbye. Innovative new touch controls make browsing on your Zune a blast. Fly effortlessly through your song, picture and video collections.

<sup>1</sup> Music estimates based on 128 kbps WMA files, with length of 4 minutes each; Pictures transferred to Zune will be optimized for Zune screen size; Video estimates based on 500 kbps WMV files with 128 kbps WMA audio tracks.

<sup>2</sup> The Zune to Zune sharing feature may not be available for all songs on your device, and works only between Zune devices within wireless range of each other. This feature allows recipients to play full-length sample tracks up to 3 times. Wireless Sync requires access to a home wireless network and can be manually initiated by clicking "sync now" on the Zune. Automatic Wireless Sync requires AC power to the Zune device via a dock, AC adapter or speaker dock accessory.

<sup>3</sup> To display station name and song information, stations must broadcast an RBDS signal. Availability may vary so check out your favorite stations on your Zune to see if this functionality is present.
