## **MOTOROLA BLUETOOTH® HEADSET H500**

### **Comfort and Power**

- » Weighs less than 0.6 ounces
- » More stable and designed to fit comfortably for long periods of time
- » Up to approximately 10 hours of talk time and 200 hours of standby time (the longest of all Motorola Bluetooth rechargeable headsets)
- » Versatile, lightweight headset with stylish "surf board" design

### **Feature Rich**

- » Stay connected - without wires
- » The call button allows you to place, receive or end calls, all with the push of a button
- » Control mute and 3-way calling<sup>1</sup> through your headset - perfect for those times your compatible Bluetooth enabled phone is out of reach<sup>1</sup>
- » Easily adjust volume from the headset

### **Freedom and Function**

- » Freedom to roam up to 30 feet/10 meters from your compatible mobile phone
- » Bluetooth 1.2 gives you quicker connections, better audio quality and adaptive frequency hopping than Bluetooth 1.1
- » Designed to work with all Bluetooth 1.1 and 1.2 devices from both Motorola as well as other companies that support the Bluetooth headset profile

My new headset's so comfortable; sometimes I forget I'm wearing it. And since I can talk for up to approximately 10 hours, I never have to worry about it dying on me in the middle of the day.

Multitasking is the key to my success. And with my new headset, I can talk wire-free and hands-free and even go get a cup of coffee, all while closing my next big deal.

Up to approximately  
**10 HOURS OF  
TALK TIME!**
